“Everything will be lost,  
but almost certainly  
the invisible thickness of an **act of generosity**,  
surpasses that of the Earth's mantle.

Everything will be lost,  
but there is more "reality"  
in a **friendly and frank meeting**,  
than in the tallest skyscraper in the world.

Everything will be lost,  
but in some ways  
it's worth more for **one person helping another**  
than a thousand galaxies disappearing from the sky"

Among so many losses,  
The Child Jesus  
invites us to continue promoting

these acts of generosity  
these meetings  
frank and fraternal  
this unconditional support  
of the one who needs us.
