

FEAST OF MATER 2019

With Mater
you learn a way of life
more unified
more simple
more aware

Let's ask her
to teach us her secret

Inside your life
Mater takes distance :
her look of faith discovers a sense
a continuous, a way.

Let's ask her to teach us her secret

Her look of faith makes her aware of the presence
of the Spirit in her.
This awareness is the source of your peace,
because it helps to distinguish between your multiple
feelings and desires,
your true desire

Let's ask her
to teach us
her secret
